PUBLIC WORKS.

Proceedings of the Government of Mysore,

READ THE FOLLOWING :—

(1) Docket Camp No. 637 of 22nd February 1898, from Superintending Engineer, Eastern Circle, submitting a revised project amounting to Rs. 3,27,254 for constructing a new reservoir across the Garudachella river near Mavatur in the Tumkur taluk, and requesting sanction thereto, he having carefully checked the provision made for bund work during his recent inspection of the tank.

(2) Public Works Secretary's Note of 5th March 1898

"I submit for sanction, the accompanying revised project for the construction of a new tank across the Garudachella stream near Mavatur, Tumkur taluk, amounting to Rs. 3,27,254 or Rs. 45,326 in excess of the original project, sanctioned by Government.

II. The necessity for the above excess is explained in the Reports and Comparative Statement, from which it will be seen that most of the excess is on "Bund," partly due to the tendered and accepted rates being higher than those sanctioned and partly to the seat of the bund on the left sidl of the stream having had to be cleared far deeper and for much greater length than the originae project provided for.

III. Mr. Whiteley, Assistant Chief Engineer, on his inspection on two occasions, saw the extra work that had to be done between certain sections. The Superintending Engineer, Eastern Circle, reports that during his recent inspection of the tank he carefully checked the provisions now made for the bund work, and is satisfied that they are necessary and correct.

IV. The extra work, which could not have been avoided, was all authorized by this office. In the case of such large tanks, it is simply impossible to forecast what excesses may not be entailed to secure reliable bottom."

No. 232-4—1433-5, DATED BANGALORE, 10TH MARCH 1898.

ORDER THEREON.—The Government observe that the excess of Rs. 45,326 over the original estimate of Rs. 2,81,928 for the work is large, but as it is reported in para 4 of above Note, that the extra work, which could not have been avoided, was all authorized by the Chief Engineer, they have no other alternative than to sanction the revised estimate now submitted.

II. In Government (Public Works) Proceedings No. 517-20—3065-8, dated 24th June 1895, sanctioning the original estimate for Rs. 2,81,928, it was observed (para 3) that a "reduction was not improbable from reduction of rates," but the result has been quite the reverse, as the rates tendered with regard to some of the items were higher than those provided in that estimate.

III. In paras 3 and 4 of Proceedings quoted above, the acreage contributions, &c., were put down at about Rs. 92,420, and it was stated that the eventual revenue prospects of the work would be a return of more than 7 per cent on the net capital outlay. The Government hope that these expectations would be realized when the work is completed.

(1) Government Proceedings Camp No. 551-4 of 26th March 1897, directing Deputy Commissioner, Bangalore district, to submit a detailed report as to the strength and other details of an establishment required for the due maintenance and conservancy of the Chamarajendra reservoir and the delivery channel therefrom to the Durbar pumping station.

(2) Letter No. 910 of the 24th February 1898 from the 1st Assistant to the Resident in Mysore, forwarding for early necessary action, copy of letter No. 197 of the 22nd idem from the Executive Engineer, Bangalore Water-supply division, Military Works, bringing to notice the absence of any conservancy establishment in connection with the Chamarajendra reservoir.

(3) Letter No. 210—1352 of the 8th March 1898, from Colonel C. Bowen, P. W. Secretary, to the 1st Assistant to the Resident, forwarding copy of the Proceedings of the Committee composed of the officers noted in the margin that met at the above reservoir on the 28th ultimo, showing the existing arrangements and those considered necessary for the future, and requesting to obtain the approval of the Resident to the resolutions of the Committee.

(1) S. K. Venkataramaiengar, Esq., Deputy Commissioner, Bangalore district.
(2) Captain A. J. Delabbiniere, R. E., Executive Engineer, Bangalore Water-supply division, Military Works,
(3) V. Rangaswmaiengar, Esq., Offg. Executive Engineer, Hessarghatta Water-supply division.
(4) J. J. Whiteley, Esq., Assistant Chief Engineer and Assistant Secretary, P. W. D.

(4) Letter No. 1364 of the 16th March 1898 from the 1st Assistant to the Resident, stating that the rules proposed for the conservancy of the reservoir appear to the Resident to be suitable and should be brought into force at once.

No. 274-8—1716-20, DATED BANGALORE, 22ND MARCH 1898.

ORDER THEREON.—The following resolutions passed by the Committee that met at the Chamarajendra Reservoir and the proposals formulated therein, for the proper conservancy of the 150 feet margin round that reservoir, as well as for the tank bund and delivery channel, are approved, and the Durbar direct that they should be brought into force forthwith—

A. That a cordon of patrol men be drawn all round the 150 feet margin, each patrol to be spaced one mile apart, and a dwelling hut provided for each in a suitable place *outside* the margin.

B. That patrol establishment be under the orders of a Patrol Superintendent, and absolutely independent of all other authority (except such as governs the Patrol Superintendent, namely, the Executive Engineer, Hessarghatta division, or his successor in his duties) and that the duties of the Patrol Superintendent will be solely those of watching and conserving the 150 feet margin, and no more.

C. That these patrols (or kavalgars) shall have no other duty beyond the immediate supervision of half a mile of margin on each side of their dwelling hut.

D. That a principal consideration will be that the patrols (kavalgars) should have no *local* interests whatever, and that this being decided on, it will be necessary to appoint persons foreigners to the surrounding villages.

E. That the Patrol Superintendent be paid at the rate of Rs. 25+10 pony allowance per mensem. His head-quarters to be at Iverkandpur, and that he should find his own quarters. That, preferably, the patrols (kavalgars) be all Military pensioners, that their pay be Rs. 6 a month, and that they be provided with quarters as above.

(*N. B.*—These quarters will be deeply trenched all round to intercept all drainage).

		Rs.
1	Patrol Superintendent Rs. 25 + 10 ..	35
14	Patrols at Rs. 6 each ..	84
	Contingencies	1
	Total	120

A distinctive uniform will be provided to each patrol and to the Superintendent.

F. That the duties of the Patrol Superintendent and the patrols will be to ensure that no person (except with authority from the proper quarter) or animal is allowed within the cordon on any pretext whatever. The Patrol Superintendent should keep a regular "diary" in which should be entered details of his "rounds," case of pollution or trespass coming under his notice, neglect of orders or want of watchfulness on the part of the patrols, &c., &c.

G. That the Deputy Commissioner will establish a sub-outpost of Police in the immediate neighbourhood of the tank, to whom all delinquents will be handed over for prosecution. Large notice boards will be put up in the vernacular at intervals all round the marginal area prohibiting trespass, intimating prosecution, &c.

H. That as regards the maintenance of the tank bund and the delivery channel, these will be properly conserved so long as they are kept in proper working order. Their maintenance at present falls to the duty of the Executive Engineer, Hessarghatta division, and the staff employed under him, and no further proposals can be made on this particular point, pending the settlement of the eventual successor to the Executive Engineer, Hessarghatta division, and his staff.

K. That the drainage and conservancy of the villages of Kakal, Byata and Madihalli, should receive immediate attention, and that these villages should be the first to be dealt with under proposals that are being formulated for the drainage of villages in the whole catchment, that the old village sites of Gondahalli, Harohalli and Chikdevanpura should be inspected at once by the Amildar, and a report submitted as to whether the villages have been completely abandoned. If not, steps for complete evacuation should be taken at once. Each site should be levelled and all rubbish burnt. Pending the diversions of the drainage of villages of Kakal and Byata (especially as regards the former) from their tanks, the water from the tanks should be rigidly shut off from the Hessarghatta tank. These tanks forming an integral part of the system will probably surplus in the next monsoon. It is therefore very desirable that no time should be lost in attending to this important matter of the drainage of these three villages, before the monsoon sets in. This will be brought to the notice of the Committee which has been appointed by Government in their Proceedings No. 7093-9—Mis. 1484, dated 14th December 1897, to consider proposals for the sanitation of the catchment of the Chamarajendra reservoir, for attention and submission of a report, as early as possible, as to the best means of disposing of the drainage of the three villages of Kakal, Byata and Madihalli.

The following Note by the Chief Engineer, dated 3rd March 1898, submitting the Final Issue of the Public Works Budget for the year 1897-98—

I beg to submit the accompanying Final Budget Estimates of the Public Works Department for the year 1897-98, for the sanction of Government. They provide for a total expenditure of Rs. 38,00,089, or Rs. 4,58,405 more than the original grant, as shown below. The necessity for this increase has been explained under the funds concerned—

	Preliminary Issue. Rs.	Final Issue. Rs.	Increase. Rs
Provincial Fund... { Ordinary grant...	15,00,000	19,00,000	4,00,000
Provincial Fund... { Special grant ...	10,00,000	10,00,000	.....
District Funds	4,20,684	4,43,089	22,405
Irrigation Cess Fund	3,11,000	3,30,000	19,000
Palace Fund	1,10,000	1,27,000	17,000
Total ...	33,41,684	38,00,089	4,58,405

PROVINCIAL FUND.

2. ***Ordinary grant.***—In Government Proceedings (P.W.) No. 606-26—4432-52, dated 10th September 1897, passing the Preliminary Budget, an additional grant of four lakhs was sanctioned under this head, to provide for the most useful and pressing of the irrigation works which were excluded from that Budget for want of funds; also for such of the works now being carried out from Irrigation Cess Fund as can consistently with existing rules be transferred to Provincial, so as to permit of their earlier execution. The Supplemental Budget ordered in the above Proceedings was not prepared, as such Supplemental Budgets are not usual in this department; but the additional grant referred to above, and all the modifications in the original allotments for works, have been embodied in this Final Budget.

Of the above additional grant of four lakhs, Rs. 1,88,000 extra have been allotted under "Irrigation Works," this amount being sufficient to provide for irrigation works excluded from the Preliminary Issue, and for irrigation cess works recommended by Superintending Engineers for transfer to Provincial. The balance has been given to other Service Heads, for which more funds were found necessary to meet actual requirements as reported by Divisional Officers.

ORIGINAL WORKS.

3. Under ***Military***, the original grant of Rs. 40,000 has been increased by Rs. 10,000, in order to provide for two more incomplete works of the previous year omitted in first Budget, and to enhance the allotments required for the construction of the Barr Lines at Mysore and Hassan, which works are being pushed on rapidly.

Under ***Civil Buildings***, the grant has been augmented from Rs. 2,00,000 to Rs. 3,00,000 or by Rs. 1,00,000. This large increase has been found necessary, as provision had to be made for 9 more incomplete works of the previous year, omitted in the Preliminary Issue, on the presumption that they would be completed by the end of June 1897, and for the marginally noted new works which are more or less of an urgent nature. The original allotments for 18 other works in progess have been enhanced to provide for the increased outlay anticipated on them during the year. Of these, the Students' Home at Mysore may be specially mentioned, as its allotment had to be increased from Rs. 10,000 to Rs. 40,000. The reserve grant for minor works has also been increased to Rs. 55,000, the original grant of Rs. 40,000 having proved insufficient.

(1) Extending Government Store-yard and Stationery Office at Bangalore, and erecting quarters for the Press Manager in the compound.
(2) Sanitary improvements to Audry House at Ootacamund.
(3) Constructing Students' Home to the Central College at Bangalore.
(4) Constructing new building for Government High School at Tumkur.
(5) Constructing Police Station and Lines at Chunchinkatte.
(6) Purchasing Sheshu Mudaliar's Bungalo at Hassan for quarters of Head Master of Hassan High School.
(7) Extending the District Office at Chikmagalur.
(8) Constructing new Sub-Registrar's Office in compound of Taluk Cutcherry at Mandya.

Under *Communications*, the original grant of Rs. 1,10,000 has been supplemented by Rs. 30,000. This increase is necessary to provide for four additional incomplete major works of the previous year, and the marginally noted urgent works sanctioned during this year. Besides, the original allotments of several works had to be increased to meet requirements as intimated by Divisional Officers. At the instance of the Deputy Commissioner, Chitaldrug District, provision has also been made for the construction of musafirkhanas at Harihar and Kodaganur, funds for them not being available from District Funds.

(1) Constructing railings on the bunds of Hebbal and Hunsemaranhalli tanks on Bangalore-Bellary road *via* Pennakonda.
(2) Cutlery and Glassware purchased from Army and Navy Co-operative Society, Bombay, for the use of selected travellers' bangalos
(3) Constructing First Class Musafirkhana at Agumbi.
(4) Providing railings on either side of the Basavanhalli tank bund on which the Kadur-Mangalore road runs.

The original grant under *Miscellaneous Public Improvements* has been raised from Rs. 17,000 to Rs. 35,000 in order to provide for five more incomplete works of the previous year, omitted in first Budget. Provision has also been made for the following fresh works since sanctioned—

(1) Opening out a bridle-path along the Dharmambudhi tank feeder to the City Railway Station.

(2) Opening conservancy lane behind the Lansdowne Bazaars at Mysore.

Irrigation.—The original grant for this head has been increased from Rs. 3,90,000 to Rs. 5,78,000 or by Rs. 1,88,000. The major works are detailed in pages 30-47 of the Budget. Thirty incomplete works omitted in the Preliminary Budget and some new works since sanctioned, have now been provided for. Some of the works entered in the Preliminary Budget had to be omitted as projects for them are not likely to be ready for execution during the year; while the allotments for some others have either been increased or reduced according to requirements.

REPAIRS.

4. The original provision under this head has been modified as noted below to meet the requirements of the year—

	Original Grant. Rs.	Modified Grant. Rs.
Military	5,000	5,000
Civil Buildings	64,000	75,000
Communications	3,35,000	3,45,000
Miscellaneous Public Improvements ...	6,000	5,000
	4,10,000	4,30,000

5. *Special Grant.*—The special grant of ten lakhs sanctioned for extraordinary works remains unaltered, although its distribution among Service Heads has been modified according to requirements, as noted below—

	Preliminary Budget. Rs.	Final Budget. Rs.
Non-productive Works—		
Military	2,00,000	2,50,000
Civil Buildings	2,30,000	2,20,000
Communications	33,000	37,000
Miscellaneous Public Improvements ...	60,000	86,000
	5,23,000	5,93,000
Reproductive Works—		
Irrigation	2,53,000	2,14,000
Establishment	2,13,706	1,85,118
Tools and Plant	9,294	7,882
Total ...	10,00,000	10,00,000

The original grant of two lakhs provided for the new Lines for the Imperial Service Troops at Bangalore has been increased by half a lakh, the work having progressed satisfactorily; while the allotments for the Chamaraja Water-works for the Bangalore City, the Vanivilas Water-works for the Mysore City, improving and

extending Hulhalli Channel, and improving and extending Chamaraja Channel, have also been augmented on the requisition of the Divisional Officers concerned. Provision of one lakh made in the Preliminary Budget for constructing new record-rooms at Bangalore has been omitted, pending the elaboration of a project for the work, and in its place the reconstruction of the Palace at Mysore has been substituted in accordance with Government Proceedings (P. W.) No. 606-26—4432-52, dated 10th September 1897. The provision made for constructing new Lunatic and Leper Asylums at Bangalore has been omitted at the instance of the Senior Surgeon, also the provision for building an ané at Karial near Javagondanhalli, and constructing Vedavati Reservoir above Marikanave gorge. A project for the former was got ready, but its sanction has been deferred by Government pending the disposal of the Marikanave project, the foundations of which are to be examined by a special committee of Engineers and Geologists. Provision has now been made for the Kalhalli anikat project in French Rocks Division, and improving and extending South Channel Sriramadevar Dam in Hassan Division, both incomplete works of the previous year; and for two new works, *viz.* constructing a new tank across the Maralvadi stream in Kankanhalli taluk, and excavating channels from the Borankanave Reservoir.

DISTRICT FUNDS.

6. The grants sanctioned by Government in the General Department for works to be executed by the Public Works Department aggregate Rs. 4,43,089 against Rs. 4,20,684 provided in the Preliminary Budget. The increase is due to supplemental grants having been since sanctioned for the districts of Bangalore, Kolar, Mysore and Kadur. The distribution of this amount by Divisions and Service Heads will be found in abstract, pages 8 and 9.

IRRIGATION CESS FUND.

7. The total assets under "Irrigation Cess Proper," available for expenditure during 1897-98, were estimated at Rs. 3,30,778 as per revised figures furnished by the Comptroller. The modified grant under this Budget has therefore been fixed at Rs. 3,30,000 against Rs. 3,11,000 provided in the Preliminary Budget, there being a demand for additional funds under this head. Of this grant, Rs. 92,500 have been allotted under "Original works," Rs. 1,70,000 under "Repairs," and Rs. 67,500 under "Establishment." Owing to the inadequacy of funds under this head, some works, the cost of which was previously debited to this fund, have been transferred to Provincial Fund in accordance with para 2 of Government Proceedings (P. W.) No. 606-26—4432-52, dated 10th September 1897.

PALACE FUND.

8. The original grant of Rs. 1,10,000 has been increased to Rs. 1,27,000 to provide for works detailed in page 67 of Budget. Sanction to this additional grant of Rs. 17,000 is solicited.

ESTABLISHMENT.

9. The total charges under this head (including Rs. 8,250 debitable to the Provincial Budget on account of water-supply works under execution by the Sanitary Engineer, aggregate Rs. 6,73,250. Deducting Rs. 7,750, being 5 per cent of "Direction and Accounts" chargeable to the Sanitary Works Budget, *vide* Government Proceedings (P. W.) No. 299-318—1819-1838, dated 5th May 1897, the net amount debitable to "Public Works Proper" is Rs. 6,65,500, or Rs. 16,900 more than the grant in the Preliminary Budget. This increase is due to (1) extra amount having been provided for Superintending Engineer, Fern Hill Works, and his office establishment, (2) addition of two Sub-Assistant Engineers, (3) increased money limit for lower subordinates and taluk mestries, and (4) extra provision for the Bengal Deputy Auditor General and his Assistant on account of establishment charge debitable to this department.

The establishment charges are 17·5 per cent on the total grant of Rs. 38,00,089, or 21·4 per cent on grant for works, and their distribution to the several budgets is as noted below—

	Rs.	Percentage to Works.
Provincial Fund	5,36,842	22 9
District Funds	61,158	10·1
Irrigation Cess Fund	67,500	25 7

TOOLS AND PLANT.

10. The total amount provided under this head is Rs. 26,130, *viz.* Rs. 23,158 under Provincial Fund and Rs. 2,972 under District Funds, against the Preliminary Budget Grant of Rs. 23,574. The additional grant is required to cover an estimate sanctioned for the purchase of tools, &c., for the Mysore Palace Division.

No. 294-314—1815-35, dated Bangalore, 28th March 1898.

Order thereon.—The Final Issue of the D. P. W. Budget for 1897-98, submitted with the Chief Engineer's Note, read above, and providing for an aggregate grant of Rs. 38,00,089 as per details in the margin, is sanctioned by Government in Council.
